BRAND IDENTITY

Our overall approach takes the brand identity of the AZ Health Zone beyond the nutritional value of healthy food choices and combines it with the many benefits of a physically active lifestyle.

The result is an aspirational new brand identity, (name, logo, tagline) broad enough to be appealing to all target audiences, while still being motivating and inspiring. This powerful new mark and tagline will change the perception of the brand and instill a sense of empowerment for all those seeking a brighter, healthier future.

THE PROBLEM WE ARE TRYING TO SOLVE

How do we change the perception of AZ Health Zone to be looked at as an overall health partner that also provides guidance on physical fitness and obesity prevention?

THE SOLUTION

Develop a clearly identifiable and understandable brand that leverages the full breadth of services and resources AZ Health Zone has to offer.

ADJUSTING THE BRAND ARCHITECTURE

Current Brand Architecture
The current brand architecture has multiple names representing the same thing, not only causing confusion, but making it unclear as to what AZ Health Zone / Champions for Change actually provides.

NEW Brand Architecture
Going forward, we need a simplified and clear name that repositions AZ Health Zone to be inclusive of all elements (nutrition, physical activity, obesity prevention) rather than a single service provider — one who empowers and serves as a resource.

PAGE 3 | AZ HEALTH ZONE
All uses of the AZ Health Zone logo should maintain a consistent spacing equal to the dimensions of the “A” in “AZ” around the mark to separate the mark from surrounding elements. If the logo placement lacks sufficient space to achieve this separation, remove the tagline and just use the AZ Health Zone mark.

DON'T CROWD THE TAGLINE
DON'T ALTER LOGO COLORS
DON'T ANGLE LOGO
DON'T PLACE COLOR LOGO ON DARK BACKGROUNDS
DON'T ALTER ICON COLORS
DON'T PLACE LOGO ON PHOTOS WITHOUT SUFFICIENT CONTRAST
The tagline should be used whenever space allows, but there will be instances when the font will be too small to read.

**Policy**

**Effective October 1, 2017,** a new brand identity including name, logo, and tagline will be used for SNAP-Ed programs throughout Arizona. The new name, AZ Health Zone, reflects the comprehensive services and programs included in SNAP-Ed including direct education, comprehensive and multi-level interventions, community and public health approaches. Social marketing methods will be used to identify common messages used in all efforts.

AZ Health Zone—Healthy Starts Here is an aspirational new brand identity, broad enough to be appealing to target audiences and also be motivating and inspirational.

All materials developed prior to October 1, 2017 can be used until stock runs out. All new materials will be branded with AZ Health Zone—Healthy Starts Here. All materials paid for with SNAP-Ed funds will include the AZ Health Zone logo or the LIA-specific AZ Health Zone logo provided by the State Implementation Team.

Materials developed for collaborative efforts, will require joint funding for the materials when carrying additional organizational logos.

All LIA-developed materials require review and approval by the SIT before printing.
