## **Produce Tips**

• Choose firm heads that feel heavy and are tightly-packed.

• Store whole or chopped cabbage in sealed plastic bag in refrigerator. Use within one week.

• Before use, rinse thoroughly and remove tough outer leaves. Cut in half and trim core.

## Health and Learning Success Go Hand-in-Hand

Do more. Watch less. Studies show students who limit screen time (TV and computer) score higher on academic tests. Help your child do better in school by making a commitment to limit your family's screen time and being more active. **Harvest** of the Month can help your family learn new ways to eat more fruits and vegetables and be physically active every day.
