- Tabling at SFSP Summit on Feb. 27
 - Staff able to attend depends on whether government shuts down again
 - The Annual SFSP Summit will begin at 8am on Wednesday 27 February 2019. Set up for exhibitors will begin at 9:30am. The planned exhibitor area is in a courtyard/patio, so please dress accordingly. It's usually a nice time of year for fresh air, but I do have an inclement weather contingency plan and will inform you of any changes. We have a keynote speaker from No Kid Hungry Campaign scheduled at 8:00am at the beginning of our conference. You are welcome to

join us early to hear the keynote. You are also welcome to stay for our working lunch and breakout sessions.

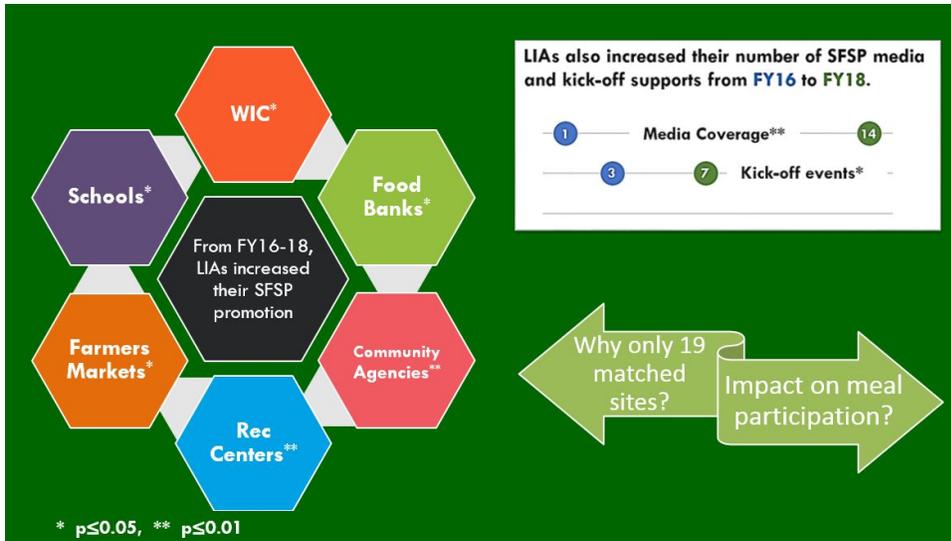

- Arizona Farm to School Network Nominations
 - Nomination forms are due February 22, 2019 at 5:00PM to ArizonaFarmtoSchool@azed.gov.
 - Forms can be found at www.azed.gov.

SET UPDATES (10 min)

- Reminders on the upcoming STORE training and new STORE submission deadline for FY19
 - Required training on March 7 at 10am, (watch it live or recording)
 - All stores assessed with STORE tool in FY17 must be revisited, and any new stores.
 - Due Sept 20, 2019 (9/20/19).
 - Reminder: all formal evaluations must be conducted by SNAP-Ed trained staff.
- Seed to Supper Questions
 - Who is using Seed to Supper this year and are staff pairing it with other lesson series (e.g. MPFMF, EHBA) with the same audience?
 - If using, is it being taught in conjunction with hands-on gardening, or more of an informational workshop only?
 - Question: using it without technology. Print the slides or use poster paper.
- FY16-18 SFSP statewide evaluation findings

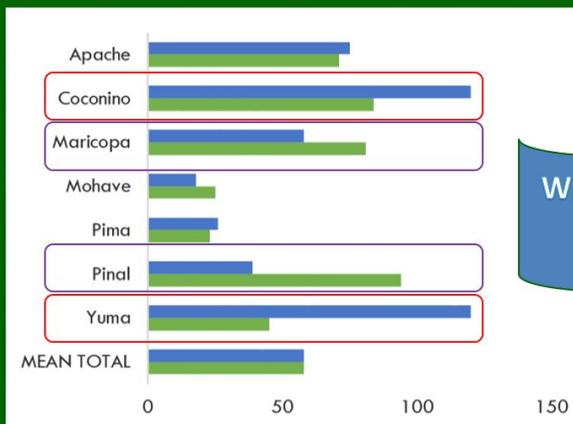

- N=72 checklists received during baseline evaluation. Only received 55 in FY18. Assuming things like multiple school checklists were entered as districts, or narrowing down sites as SNAP-Ed learns more about this focus areas, lowering numbers, but are there any other reasons?

- Of those 55, only 19 sites matched . Why?
- Increase of promotion in community-based location

FY16 to FY18 daily meals served at LIA-supported sites

What else may be going on at these sites?

How did SNAP-Ed supports relate to families' FY18 participation in meals?

Higher levels of **targeted promotion at childcare sites** was associated with an increase in participation.

Helping a site or district get **media coverage** for their SFSP program had a statistically significant positive effect on meal participation.

LIAs' use of their **websites and/or social media** to promote their SFSP partners had a significant association with the number of meals served.

- What was the impact on meal participation overall? What else can be going on to impact the increase or decrease in daily meals served?
- Reach out to SET if you have any input on implications to meal services.

POLICY/I HEARD UPDATES (5 min)

- Government Shutdown Updates
 - Friday, January 25th, the President signed the continuing resolution reopening the federal government for three weeks. We are hopeful a long term agreement is reached by February 15, 2019.
 - In the event an agreement is not reached by the 15th it is possible we will experience another government shutdown mid-February. Although the government is now open we still need to learn more about the future funding and cash flow for SNAP-Ed. With USDA returning to work this week I hope that guidance will come to us quickly. We will continue to be diligent with our planning efforts which include conservative spending of funds. This will allow us to be best positioned if a shutdown occurs again in three weeks.
