

Connect with AZ Health Zone for Summer Food Outreach Support

The AZ State Nutrition Action Committee's Summer Food Work Group has teamed up to increase participation in the Summer Food Service Program (SFSP). “Free Meals for Kids and Teens 0-18” is Arizona’s campaign to get the word out about SFSP. By working together, we can make sure families know about free summer meals. As part of the Free Meals for Kids and Teens campaign, AZ Health Zone coordinates an online map of Arizona’s SFSP sites, an outreach toolkit, and media advertising in the summer.

We also provide outreach support directly to SFSP sponsors and site staff.

Support varies by county, but here are some examples of what we offer:

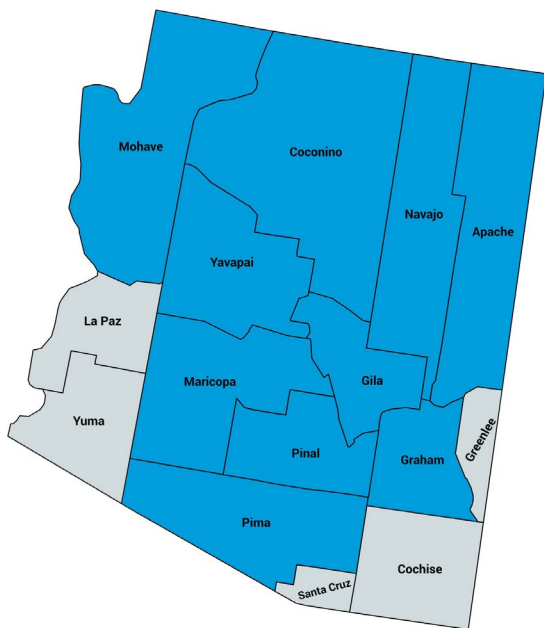

- Assisting you with writing simple outreach plans
- Printing materials such as posters, flyers, and bookmarks
- Brainstorming ideas for how to get the word out
- Contacting media outlets and promoting throughout the community
- Connecting you to groups to provide programming during meal times
- Providing technical assistance to improve or expand meal service

About AZ Health Zone

The AZ Health Zone is a network of partners, like county Cooperative Extension offices or local health departments, who support a community's efforts to improve access to food and safe places to be physically active. The AZ Health Zone comprehensive approach includes a combination of policy, systems, and environmental change (PSE) strategies, direct education, and social marketing efforts. We are also known as SNAP-Ed (the Supplemental Nutrition Assistance Program – Education)
